Preface xvii

To Students xxiii

Part One Foundations of Psychology 1

Chapter 1
Introducing Psychology 3

What Is Psychology? 4
Psychology's Roots 4 *Perspectives on Behavior and Mental Processes* 6 *Psychology's Subfields* 8

The Scientific Approach 9
The Scientific Attitude 9 *The Scientific Method* 9

Psychology's Methods 10
Description 11 *Correlation* 13 *Experimentation* 14

Commonly Asked Questions About Psychology 17

How to Study This Book 22

Summing Up 23 **Terms and Concepts to Remember** 24
For Further Reading 25

Chapter 2
Biological Roots of Behavior 27

The Nervous System 27
Neurons and Their Messages 28 *Divisions of the Nervous System* 32

The Brain 34
The Tools of Discovery 34 *How the Brain Governs Behavior* 36
Brain Reorganization 46 *Our Divided Brains* 48
Close-Up: Left-Handedness—Is Being a Lefty All Right? 52

Summing Up 54
Terms and Concepts to Remember 55
For Further Information 57 **For Further Reading** 57

Part Two Development Over the Life Span 59

Chapter 3
The Developing Child 61

Developmental Issues 61
Nature or Nurture? 62 *Continuity or Stages?* 62 *Stability or Change?* 62

Prenatal Development and the Newborn 63
From Life Comes Life 63 *Prenatal Development* 64
The Competent Newborn 65

Infancy and Childhood 67
Physical Development 67 *Cognitive Development* 69
Social Development 76
Close-Up: Father Care 79
Close-Up: Children of Divorce 81

Reflections on the Nature-Nurture Issue 86

Studies of Twins 87 *Adoption Studies* 89 *How Much Credit (or Blame) Do Parents Deserve?* 90

Summing Up 91 **Terms and Concepts to Remember** 92
For Further Reading 93

Chapter 4
Adolescence and Adulthood 95

Adolescence 95
Physical Development 96 *Cognitive Development* 98
Social Development 102

Adulthood 107
Physical Changes 108 *Cognitive Changes* 112
Social Changes 116

Reflections on Life-Span Development 123
Continuity and Stages 123 *Stability and Change* 123

Summing Up 126 **Terms and Concepts to Remember** 127
For Further Reading 127

Chapter 5
Sensation 131

Sensing the World: Some Basic Principles 132
Thresholds 133 *Sensory Adaptation* 135

Vision 137
The Stimulus Input: Light Energy 137 *The Eye* 138
Visual Information Processing 141 *Color Vision* 143

Hearing 145
The Stimulus Input: Sound Waves 146 *The Ear* 146
Close-Up: Noise 148
Hearing Loss 149
Close-Up: Living in a Silent World 150

The Other Senses 151
Touch 151
Close-Up: Matter Over Mind 153
Taste 154 *Smell* 154 *Body Position and Movement* 156

Sensory Restriction 157

Summing Up 159
Terms and Concepts to Remember 160
For Further Reading 161

Chapter 6
Perception 163

Perceptual Illusions 163

Perceptual Organization 165
Form Perception 165 *Depth Perception* 167
Perceptual Constancy 171

Interpretation 174
Sensory Restriction and Restored Vision 174
Perceptual Adaptation 176 *Perceptual Set* 177
Close-Up: The Human Factor in Operating Machines 180

Is There Perception Without Sensation? 181
Claims of ESP 181 *Skepticism About ESP* 182

Summing Up 185
Terms and Concepts to Remember 186
For Further Reading 187

Chapter 7
States of Consciousness 189

Studying Consciousness 189
Selective Attention 189 *States of Consciousness* 191

Sleep and Dreams 191
The Rhythm of Sleep 192 *Why Do We Sleep?* 195
Sleep Disorders 196 *Dreams* 197

Daydreams, Fantasies, and Meditation 200

Hypnosis 202
Facts and Falsehoods 203
Close-Up: A True Story 206
Is Hypnosis an Altered State of Consciousness? 208

Drugs and Consciousness 210
Depressants 210 *Stimulants* 212
Close-Up: Misconceptions About Addiction 214
Hallucinogens 214 *Influences on Drug Use* 216

Near-Death Experiences 218

Summing Up 220
Terms and Concepts to Remember 221
For Further Information 223
For Further Reading 223

Part Four
Learning and Thinking 225

Chapter 8
Learning 227

self-abasement instinct z the
 self-assertion instinct z instinct
 replaced by Dzinth. (domsey of biol. need)

aslow 355 -
 ante for meet + salty are genetic
 360

365 The rape myth
 of homosexuality prevails but
 heterosexuality prevails.
 No, but not necessarily

367 (?) No, but not necessarily
 253

The Phenomenon of Memory 253
 Forming Memories: An Example 254 Memory as Information Processing 255 Sensory Memory 256

How We Encode Information 257
 Automatic Processing 257 Effortful Processing 258
 Forgetting as Encoding Failure 264

Long-Term Memory 266
 Storage 266 Retrieval 272 Forgetting as Retrieval Failure 277

Improving Memory 280

Summing Up 281
Terms and Concepts to Remember 282
For Further Reading 283

Chapter 10
Thinking and Language 285

Thinking 286
 Concepts 286 Solving Problems 287 Making Decisions and Forming Judgments 291
 Close-Up: Making Sound Decisions 292
 Close-Up: Perceiving Risk—When Statistics Clash with Heuristics 294
 Belief Bias 297 Artificial Intelligence 299

Language 301
 Language Structure 302 Language Development 303
 Animal Language 307

Thinking and Language 310
 Linguistic Influences on Thinking 310 Thinking Without Language 312

Summing Up 313
Terms and Concepts to Remember 314
For Further Reading 315

Chapter 11
Intelligence 317

Assessing Intelligence 318
 The Origins of Intelligence Tests 318 Modern Tests of Mental Abilities 321 Principles of Test Construction 322
 Close-Up: Coaching Effects 327

What Is Intelligence? 327
 Is Intelligence Culturally Defined? Or Is It a Culture-Free Problem-Solving Ability? 328 Is Intelligence One General Ability? Or Several Specific Abilities? 329 Is Intelligence Speedy Information Processing? 331

The Dynamics of Intelligence 332
 Stability or Change? 332 Extremes of Intelligence 333
 Creativity and Intelligence 335

Genetic and Environmental Determinants of Intelligence 336
 Genetic Determinants 337 Environmental Determinants 339
 Group Differences in Intelligence Test Scores 341 The Question of Bias 344

Summing Up 345
Terms and Concepts to Remember 346
For Further Reading 347

Part Five
Motivation and Emotion 349

Chapter 12
Motivation 351

Concepts of Motivation 352
Biological Needs: The Internal Pushes 353 Learning and Culture: The External Pulls 354 A Hierarchy of Motives 355

Hunger 355
The Physiology of Hunger 356 External Incentives 358 Eating Disorders 358

Sexual Motivation 360
Describing Sexual Behavior 360 The Physiology of Sex 361 The Psychology of Sex 363 Sexual Dysfunctions and Therapy 365 Sexual Orientation 365 Sex and Human Values 369 Close-Up: Do Trial Marriages Reduce Divorce? 370

Achievement Motivation 370
Identifying Achievement Motivation 370 Sources of Achievement Motivation 371 Intrinsic Motivation and Achievement 373 Close-Up: Intrinsic Motivation and Sports 374 Motivating People 375

Summing Up 379 Terms and Concepts to Remember 380 For Further Information 381 For Further Reading 381

Chapter 13
Emotion 383

The Physiology of Emotion 384
Arousal 384 Physiological States Accompanying Specific Emotions 385 Lie Detection 386

Expressing Emotion 388
Nonverbal Communication 388 Culture and Emotional Expression 390 The Effects of Facial Expressions 391

Experiencing Emotion 392
Fear 393 Anger 394 Happiness 396 Close-Up: Opponent-Process Theory of Emotion 400

Theories of Emotion 402
The James-Lange and Cannon-Bard Theories 402 Cognition and Emotion 404

Summing Up 406 Terms and Concepts to Remember 407 For Further Reading 407

Part Six
Personality, Disorder, and Well-Being 409

Chapter 14
Personality 411

The Psychoanalytic Perspective 412
Exploring the Unconscious 412 Assessing the Unconscious 418 Evaluating the Psychoanalytic Perspective 419

The Trait Perspective 421
Exploring Traits 423 Assessing Traits 424 Evaluating the Trait Perspective 426

The Humanistic Perspective 428
Exploring the Self 428 Assessing the Self 432 Evaluating the Humanistic Perspective 432 Mini Debate: Are People Basically Good? Two Humanistic Psychologists Debate 433

The Social-Cognitive Perspective 434
Exploring Behavior in Situations 435 Close-Up: Pseudo-Assessment: How to Be a "Successful" Astrologer or Palm Reader 438 Assessing Behavior in Situations 439 Evaluating the Social-Cognitive Perspective 439

Summing Up 440 Terms and Concepts to Remember 442 For Further Reading 443

Chapter 15
Psychological Disorders 445

Perspectives on Psychological Disorders 445
Defining Psychological Disorders 446 Understanding Psychological Disorders 447 Close-Up: The Insanity Defense on Trial 449 Classifying Psychological Disorders 450

Anxiety Disorders 451
Generalized Anxiety Disorder 451 Phobic Disorders 452 Obsessive-Compulsive Disorder 452 Explaining Anxiety Disorders 453

Somatoform Disorders 454

Dissociative Disorders 455
Amnesia 455 Fugue 456 Multiple Personality 456

Mood Disorders 458

Major Depression 458 Bipolar Disorder 459
 Explaining Mood Disorders 459
 Close-Up: Suicide 460
 Close-Up: Loneliness 465

Schizophrenic Disorders 466
 Symptoms of Schizophrenia 466 Types of Schizophrenia 467
 Understanding Schizophrenia 468
 Close-Up: Experiencing Schizophrenia 470

Personality Disorders 471

The Commonality of Psychological Disorders 472

Labeling People: The Power of Preconceptions 473

Summing Up 475

Terms and Concepts to Remember 476

For Further Information 477

For Further Reading 477

Chapter 16
 Therapy 479

The Psychological Therapies 480
 Psychoanalysis 480 Humanistic Therapies 482 Behavior
 Therapies 487 Cognitive Therapies 491
 Mini Debate: Values in Psychotherapy 493
 Evaluating Psychotherapies 495

The Biomedical Therapies 502
 Drug Therapies 502 Electroconvulsive Therapy 504
 Psychosurgery 505

Preventing Psychological Disorders 506

Summing Up 507

Terms and Concepts to Remember 508

For Further Reading 509

Chapter 17
 Stress and Health 511

Stress and Illness 512
 Stress and Stressors 512
 Close-Up: The Wounds of War: Post-Traumatic Stress Disorder 515
 Close-Up: The Perceived-Stress Scale 516
 Stress and Heart Disease 518 Stress and Resistance to Disease 520

Reactions to Illness 524
 Am I Sick? 525 The Patient Role 526

Promoting Health 528
 Coping with Stress 528 Modifying Illness-Related Behaviors 534
 Close-Up: Helpful Hints for Dieters 544

Summing Up 546

Terms and Concepts to Remember 547

For Further Reading 547

Part Seven
Social Behavior 549

Chapter 18
 Social Psychology 551

Social Thinking 551

Attributing Behavior to Persons or to Situations 551

Attitudes and Actions 553

Social Influence 557

Conformity and Obedience 557 Group Influence 562

Social Relations 567

Aggression 567 Altruism 574 Attraction 578

Summing Up 583

Terms and Concepts to Remember 584

For Further Reading 585

Chapter 19
 Social Diversity 587

Cultural Diversity 588

Cultural Norms and Roles 589 Individualism Versus
 Collectivism 591

Close-Up: Tips for Crossing Cultures 594

Ethnicity 594

Gender Diversity 597

Gender Similarities and Differences 597 Is Biology Destiny? 602
 The Social Construction of Gender 604 Changing Gender Roles
 Across the Life Span 609

Responding to Diversity 610

Rejecting Diversity 610 Accepting Diversity 616

Summing Up 619 **Terms and Concepts to Remember** 620

For Further Information 620

For Further Reading 621

Appendix
 Statistical Reasoning in Everyday Life 622

Describing Data 622

Distributions 622

Close-Up: Florence Nightingale: Pioneer in the Use of Statistics 624

Central Tendencies 625 Variation 625 Correlation 626

Generalizing from Instances	630
