|   |                                                                                                                       |            |
|---|-----------------------------------------------------------------------------------------------------------------------|------------|
| 1 | The growing contemporary challenge of indebtedness                                                                    | 1          |
| 2 | The morality of the charging of interest on loans: the ancient and mediaeval moral philosophical debate               | 9          |
| 3 | Transition of the moral debate to political economy: from Bacon to the contemporary discussions of interest and usury | 21         |
| 4 | A critical philosophico-economic appraisal of the contemporary consensus on moneylending at interest                  | 31         |
| 5 | Alternatives to interest based financing of business ventures                                                         | 53         |
| 6 | And what about lending to consumer borrowers?                                                                         | 61         |
| 7 | Alternatives to interest based government borrowing and the implications for sustainability of government debt        | 71         |
| 8 | The impact of the charging of interest on the distribution of wealth                                                  | 84         |
| 9 | A call to action in face of the massive inertia of financial sector vested interests                                  | 94         |
|   | <i>Index</i>                                                                                                          | <i>109</i> |
